

Music at Highams Park School is all about performing, creating and enjoying music together!

Each lesson you will learn to play or sing in a range of musical styles from across the world. There are 2 huge classrooms in the department full of lots of different instruments as well as 5 smaller practice rooms for those of you who have 1-2-1 instrumental lessons. In year 7 topics will include:

**Find Your Voice** – How to tell stories through song, improving your vocal technique and singing in a range of styles

**Rhythm Nation** – Reading rhythm notation, creating beats, playing drums and body percussion

**Pitch Perfect** – Reading pitch notation, instrumental technique and playing keyboards

**Space Music** – Playing and writing music that reflects stories, images and moods based on The Planets

All year 7s will have 1 timetabled music lesson a week and there are many other opportunities to get involved in music.

These include concerts, choir, music club, chamber ensemble and rock & pop bands as well as our fabulous whole school musicals. In recent years shows have included Fame, Oliver and School of Rock!
